

SAP Academic Community Conference Spain

#SAPACC

SAP next-gen » SAP

Dear Academic Community Members,

We have pleasure in inviting you to our **SAP Academic Community Conference Spain 2022**, taking place on Thursday October 6, 2022 in SAP Madrid offices.

This year's conference, co-hosted by SAP, the UCC TUM and our SAP Academic Board Iberoamerica, offers you a unique onsite event experience coming along with SAP's 50th anniversary celebration, valuable insights and inspiration from industry and academia, how-to learnings, and recent news all around SAP.

Please find the **agenda** [here](#) and visit the event website for more details.

Registration is **free** and only valid if done with an academic email address. **Participation is subject to confirmation.**

We would be very thankful if you could confirm as soon as possible if you can make it and also if you will join us for the evening networking session, for logistic purposes.

If you have any **questions** send us an email to sapnextgen@sap.com.

We are so much looking forward to meeting you in Madrid, in October!

Best Regards,

SAP University Alliances
