

Dear Partners of SAP UCC Munich,

We are happy to announce the planned Train-the-Trainer (TTT) sessions of SAP UCC Munich and Magdeburg for 2022.

On [SAP UCC TU Munich Portal](#) (login with U-user) you find all TTT sessions currently planned in 2022 for our German and English speaking partners. Please note that all sessions sponsored by SAP University Alliances, other partners, or the UCCs are free of charge except where otherwise specified. However, please just sign up for TTT sessions you realistically can attend and cancel your reservation as soon as you know that you cannot make it. Also, please note that the dates from May onwards are preliminary and the location may change depending on the current pandemic situation. Thus, the training page on SAP UCC TU Munich Portal is being updated on a regular basis. Also, our DACH partners will be informed via email within the next months about the German TTT sessions in September accompanying SAP Academic Community Conference 2022 DACH.

We hope that our offerings will meet your interest. We are looking forward to your participation in the TTT sessions. In case of any questions, please don't hesitate to contact us.

Kind regards,

Dr. Holger Wittges,
and the SAP UCC Munich Team
